Chairmen's Message on Q4'FY22 Financial Results

Mr. Shyam S Bhartia
Chairman

Mr. Hari S Bhartia
Co-Chairman

"We are pleased to announce that we delivered record financial performance during FY'2022 despite facing severe second wave of pandemic at beginning of the year and then headwinds and volatility in key input raw material and energy prices since last three quarters. We also maintained steady growth in Q4'FY22.

In our **Specialty Chemicals segment** we delivered strong growth led by healthy demand across industry segment. We are also pleased to share that we successfully commissioned Phase-1 of Diketene and Derivatives manufacturing unit at our Gajraula facility. In **Nutrition & Health Solution** we improved our profitability due to higher price realization and improved volume in North America. In **Chemical Intermediates Segment**, we continued the higher sales with Pharmaceutical and Agrochemical customers and recorded healthy growth in the EU. Though profitability of the Acetyls business during Q4 was impacted due to sharp and consistent correction in Acetic Acid prices impacting our inventory, the overall impact of Acetic Acid price on profitability for full year FY'22 was not significant. Our business team continue to work closely with customers to ensure that the increase in input cost is passed on quickly and our supply chain team ensures the uninterrupted supplies and timely deliveries.

Due to advancement in our new product pipelines & CDMO projects, we are pleased to revise our investment plan for growth projects to Rs. 2050 Crore, out of this we have already committed investment in projects worth Rs. 800 Crore till date and now we plan to invest about Rs.1,250 Cr. to be committed between FY'23 & FY'24. These investments will be funded through internal accruals and all these new facilities should be ready for operations by FY'25. We are also glad to share that the Board has recommended a final dividend of 250% i.e. Rs 2.5 per equity share of face value of Re 1 each for the FY'22. This shall result in cash outflow of Rs 39.8 Crore. During the year company has already declared an interim dividend of 250% i.e. Rs. 2.5 per equity share of Rs 1 each and the total dividend for FY'22 works out to be 500% i.e Rs 5.0 Per equity share of Rs 1 each amounting to Rs 79.6 Crore of Cash outflow. We remain fully committed towards the growth aspirations envisioned for the company, and are excited to realise the emerging opportunities going forward in our business segments".
